Happy Valentine's Day

What do people do?

Many people around the world celebrate Valentine's Day by showing appreciation for the people they love or adore. Some people take their loved ones for a romantic dinner at a restaurant while others may choose this day to propose or get married. Many people give greeting cards, chocolates, jewelry or flowers, particularly roses, to their partners or admirers on Valentine's Day.

It is also a time to appreciate friends in some social circles and cultures. For example, Valentine's Day in Finland refers to "Friend's day", which is more about remembering all friends rather than focusing solely on romance. Valentine's Day in Guatemala is known as Day of Love and Friendship. It is similar to Valentine's Day customs and traditions countries such as the United States but it is also a time for many to show their appreciation for their friends.

Hello all,

As we start the new year together, there are going to be many new opportunities for each of you to help our chapter grow during the upcoming year.

We have a great team assembled to meet the goals and objectives for this year. We have many members with outstanding qualifications that are a great asset to our club. In order for us to make the new year a success, we will be asking each of you to help us by participation either as a member of a committee or for your support by contributing your help, donations and talents to have an outstanding 2012.

With the exchange of these talents among us, there is nothing we cannot accomplish together.

The officers for 2012 look forward to your support for the many activities planned for the coming year.

In the short time as club members, Helen and I want you to know how much we appreciate your friendships.

I hope each of you had a wonderful and happy Holiday Season. May you and yours have a healthy and prosperous new year.

Keith
